News from Dawson Co-op Credit Union

Research shows that members are more successful at saving when they picture themselves in the future. We encourage young credit union members to look to the future, and make saving easier. Here are a couple of simple tips on how you can help your children learn the essentials of savings: **Basic concept:** Help your children understand that all goods/services cost money. When shopping with your children point out price tags, and let them be a part of the transaction when checking-out. **Money is earned:** Teach your children that money is earned by giving them an allowance at an early age. Establishing an allowance is a valuable opportunity to teach one of the most important lessons of finances, that money is earned.

Securing your valuables: Why using a Safety Deposit Box is beneficial.

- Your most valued possessions and copies of important papers are protected from theft, fire, flood, or other natural disasters at home.
- A Safety Deposit Box is a cost effective way to keep valuables safe, private and protected from being lost or misplaced. Cost varies depending upon the size of the Safety Deposit Box. Box sizes available at our Dawson Branch are 3x5, 5x5 & 5x10 and at our Renville Branch are: 3x5 & 5x5. The annual fee for a 3x5 is \$15, 5x5 is \$20 & 5x10 is \$30.
